## Chancellor's Message

The University of Science and Technology of Fujairah (USTF) is dedicated to achieving excellence in teaching, research, and services to enable students to lead their lives and to make their university experience rich, fruitful and enjoyable.

USTF considers integrated interactions an essential priority to build a creative environment where initiatives and unconventional thinking are developed to maximize the benefits of humankind.

With its remarkable set of faculty, staff and accredited programs, USTF is going to continue using cutting-edge technology in a research-oriented manner to ensure quality education and to work together with external community towards allowing monumental impact in sustainable development of UAE and the region.

The strategic location of USTF makes it easily accessible from multiple locations and the sensational scenery of ocean and mountains in Fujairah provide a feel of openness reflecting what the university represents, an open platform for creativity, exploration and learning.

Prospective students are encouraged to pay a visit to our expanding campus, where they will be able to explore all the facilities available, to meet their future mentors and to become a part of our on-growing academic community.

I am honored to welcome you to USTF where the collective efforts of our faculty, staff, students, and greatest community will keep us moving forward together to create a bright, prosperous and promising future for us all.

**Prof. Dr. Ali Abou-Elnour**

University of Science and Technology of Fujairah

# Smile and Shine Activity

Smile and Shine

Monday, Oct 07, 2019

The event comes in the Year of Tolerance, entitled «Smile and Shine», which aims to promote the concept of dental care in children through the contribution of local institutions that effectively promoting the delivery of services to the community. The event was hosted more than 45 children, in addition to many of those interested in education and childcare.

The «Smile and Shine» activity aimed to provide a creative and entertaining learning environment through various creative activities and games like hand printing, face painting and planting seeds, simple valuable information about the importance of oral health and healthy diet was given in a form of a play done by the university students. Prof. Doctor Ali Abou El nour, chancellor of University of Science and Technology of Fujairah, said: "This event has added a real joy to the children and the participants."

# World Mental Health Day

Wednesday, October 9, 2019

In cooperation with the College of Humanities and Sciences, the Deanship of Student Affairs organized the World Mental Health Day event at the University of Science and Technology in Fujairah, in the presence of deans of faculties and faculty members with addition to many students.

The celebration dealt with several activities, including visual presentations and an educational lecture, in addition to distributions on this day, which included a variety of themes on the role of colors, painting and sports in alleviating psychological stress.

Prof. Ali Abou El nour said that World Mental Health Day is a reminder of the importance of mental health and in line with the slogan of tolerance for this year, stressing that full satisfaction and surrender to God is the best way to safety and mental health It is noteworthy that the administration of the University of Science and Technology in Fujairah is very concerned with the mental health of its students and organizes activities and events annually to celebrate the World Mental Health Day to spread public awareness of mental health issues and employ the potentials and abilities for treatment in the educational field.

## Organizing the First Session of **Basic Life Support Course**

Friday, October 11, 2019

Based on the interest of the University of Science and Technology of Fujairah to provide graduates with the requirements of the job market, the College of Dentistry in cooperation

with Al Sharq Hospital in Fujairah and under the supervision and coordination of Shaikha Dr. Maryam Al Sharqi, pediatric dentist, and Dr. Ahmed Jamal, general dentist, the first of the series of CPR courses was organized on Friday, 2019/10/11

# Release Your Inherent Creativity Workshop

Tuesday, Feb 11, 2020

The College of Architecture, Art and Design - Interior Design Department has organized an interactive workshop on the 11th of February 2020 under the name of: "Release your inherent creativity". The workshop was presented by the psychologist Asmaa Kadri Hussein, who conducted a discussion on Art therapy and what is creativity as a concept, how to motivate it, and what obstacles block it. Interactive exercises were held to stimulate creativity. The participants then proceeded to express their feelings and imagination through live painting by hand and learned about the psychological meaning behind their artworks.

## A delegation from the Accreditation Council of Pharmacy Education in the United States of America (ACPE) had visited the College of Pharmacy and Health Sciences (COPHS) at the University of Science and Technology of Fujairah (USTF)

Monday, Mar 09, 2020

Based on a pre scheduled plan, A delegation from the Accreditation Council of Pharmacy Education in the United States of America (ACPE) had visited the College of Pharmacy and Health Sciences (COPHS) at the University of Science and Technology of Fujairah (USTF), as part of the field visit phase to follow up the compatibility of the work progress of the college with the international standards followed by the Council to ensure the quality of the educational system for educational institutions certified by it. At the beginning of the visit, the delegation of the Council met His

Excellency Prof. Ali Abu ElNour - Chancellor of University of Science and Technology of Fujairah - and Prof. Dr. Sumia Sir El Khatim - Acting Dean of the College of Pharmacy and Health Sciences. After that, the delegation started reviewing the academic plan of the college and the progress of the educational process, as well as the laboratory equipment in the college and the extent of its conformity with the standard specifications required by the Council. The Council also met with the members of the faculty members to familiarize themselves closely with their teaching and research plans. The Council delegation also selected a number of the college students from various levels to

inquire about their views of the services provided by the university to college students, the efficiency of the teaching process, laboratory equipment and other university facilities. The Council also explored the students' vision about the future of pharmacy education, and the required additions needed, and if they are aware of their next steps in college and beyond. At the end of the visit that lasted for one day, the delegation expressed their satisfaction regarding the level of professionalism and the readiness of the college which matches with the standards set by the ACPE Council and followed by all ACPE-certified academic institutions.

# Emirates Hackathon 2020

Gets Underway at  
University of Science & Technology of Fujairah (USTF)

 Data for Happiness and Wellbeing  
**18 - 20 FEBRUARY, 2020**

Authority, followed by Prof. Ali Abu Elnour, Chancellor of University of Science & Technology of Fujairah (USTF), Eng. Alaa Sulaiman Khalifa, representing Fujairah e-Government, and Eng. Maryam Al Hendasi, Head of IT Section at Fujairah Government's Finance Department.

The speakers lauded the vision of the UAE's wise leadership as reflected in the Hackathon annual events, with the all the challenges and opportunities that this nationwide activity creates. In this respect, Prof. Ali Abu Elnour, USTF Chancellor, explained that by hosting the Hackathon 2020 the newly accredited University of Science & Technology of Fujairah is translating into positive action the directives of His Highness Sheikh Hamad Bin Mohamed Al Sharqi, Member of the Supreme Council, Ruler of Fujairah, and those of His Highness Sheikh Mohamed Bin Hamad Al Sharqi, Crown Prince of Fujairah, Chairman of USTF's Board of Trustees, concerning excellence as a strategic priority for USTF in education, research, community partnership, student life, and university services.

## The College of Pharmacy and Health Sciences at the University of Science and Technology in Fujairah had established an interactive platform at the Dubai International Pharmaceutical Conference and Exhibition

The College of Pharmacy and Health Sciences at University of Science and Technology of Fujairah had set an interactive platform to represent the College and the University at Dubai International Pharmaceuticals and Technologies Conference and Exhibition (DUPHAT 2020), which was held at the Dubai World Trade Center over three days from 25th to 27th February 2020.

The 25th edition of the conference comes under the patronage and in the presence of His Highness Sheikh

Hamdan bin Rashid Al Maktoum - Deputy Ruler of Dubai, Minister of Finance and Chairman of the Dubai Health Authority, who kindly inaugurated the conference and the accompanying exhibitions in the presence of a number of dignitaries working in the health sectors in the country and abroad as well as pharmaceutical experts from all over the world.

This year, the exhibition witnesses the celebration of the Silver Jubilee for it as the largest medical event specialized in the field of pharmacy and

pharmaceutical technologies in the region, whose statistics in this year have reached new records that witnessed the attendance of 156 professional speakers from the region and the entire world and included in its rich agenda 171 pharmaceutical scientific sessions and 840 displays of scientific posters for participating students as well as the specialized pharmacists in the various scientific and practical pharmaceutical fields. It also included 22 interactive workshops, and the event attracted over 33 thousand visitors and participants from the UAE and abroad

during its three days from more than 75 countries.

During the exhibition days, the college platform witnessed a large turnout from the exhibition's audience, who came to know about the academic programs and activities adopted by the college to support the students' march in both academic and life aspects. The introductory platform also included a special corner to introduce the various colleges of the University of Science and Technology of Fujairah, which offers many distinguished academic programs in the fields of medicine, pharmacy, engineering, information technology, management, mass communication, science, humanities and law. The platform also witnessed a presentation of the university's distinguished scholarships and discounts for new students and academically distinguished students, and various activities supervised by the Deanship of Student Affairs at the University.

It is worth noting that the college has participated in the conference with 8 scientific posters that dealt with several topics in various pharmaceutical sectors. The first poster was titled «Community Awareness about the Relationship between Type II and Type III Diabetes and their diagnosis and Management» and was presented by students: Rahaf Abdulrahim Alfayyomy, Reem Abdulrahim Alfayyomy, Meirah Ali Alseriedi, under the supervision of Prof. Sumia S. Mohamed. The second poster, it was titled «Angina or Heartburn: All what you need to know», presented by students, Aya Raad Mustafa, Anfal Ali Mohamed, under the supervision of Prof. Sumia S. Mohamed, and the two students also presented their participation in the form of a scientific oral presentation in front of the Participation Assessment Committee. The third poster, entitled «Herb Drug Interaction» presented by students Rahaf Abdulrahim Alfayyomy, Reem Abdulrahim Alfayyomy, Meirah Ali Alseriedi, Dania Mohamad Kanawati, under the supervision of Dr. Ebrahim Abu El Fetouh Shandal. The fourth poster, entitled «Circadian Rhythm and Effect of Medical Plants on Clock-Related Diseases», presented by students: Sumaia Najib Al-Haddad, Sarah Aws Hani, Basma Mustafa Dalloun, under the supervision of Dr. Ebrahim Abu El Fetouh Shandal. The Fifth poster, it was entitled «Of all the known NSAIDS, why is aspirin unique

in its mechanism of action?» It was presented by students Nour Gassan Achram, Ahed Maysara Al Kharraz, Dana Kamal Hussein, under the supervision of Dr. Babiker El Haj, and the students also presented their participation in the form of oral scientific presentation in front of the Participation Assessment Committee. The sixth poster, it was entitled «Dispensing Protein Therapeutics» and was presented by students, Saja Anwar Alnasiri, Norhan Elmitwalli elkadi, Thoria Emad Eldesouki, under the supervision of Dr. Mousa Adel Qarawi. The seventh poster, it was entitled «Recombinant Insulin Analogues», and it was presented by the students, Baraka Yousuf Ewer, Yasamin Abdulrahim Soufi, under the supervision of Dr. Mousa Adel Qarawi. The eighth poster, titled «Role of Artificial Intelligence (AI) in Drug Discovery and Development», it was presented by students: Khadeijah Saeed Alhmoudi, and Wafa Saeed Alyammahi, Alaa Mohammed Hasan, under the supervision of Dr. Srinivasan Ramamurthy.

As for the category of scientific posters for specialists, Dr. Yaser Mohammed Al- Worafi, with a scientific poster titled «Development and Validation of Medication Dispensing quality indicators», Dr. Yasser also presented his participation in the form of a scientific lecture. Also Srinivasan Ramamurthy had participated with a scientific poster entitled «Molecular Understanding of the Protective Role of Hyperoside on Cardiac and Metabolic Diseases».

At the end of the exhibition days, the college's participation culminated in the victory of one of the scientific posters in the third place entitled "Role of Artificial Intelligence (AI) in Drug Discovery and Development" authored by students: Khadeijah Saeed Alhmoudi, and Wafa Saeed Alyammahi, Alaa Mohammed Hasan, under the supervision of Dr. Srinivasan Ramamurthy - Assistant Professor at the College.

Prof. Sumia Ser Al Khatim - Acting Dean of the College of Pharmacy and Health Sciences – appreciated efforts made by college students and professors to represent the college and university in an optimal way and also enrich the academic life of students by engaging with their peers from college students in the entire Arab world during their period of participation in the conference activities.
